Experience

Lead Web Developer

Aug 2019 – Present

RubyThree LLC

- Supervised the team and helped keep them in track and on time
- Assisted junior members of the team troubleshoot problems

Junior Web Applications Developer

Aug 2018 – Aug 2019

Rubythree LLC

- Integrated front-end UIs with server-side logic
- Collaborated with co-workers and product managers to develop and maintain applications
- Integrated 3rd party APIs such as Twilio, Stripe, and eBay

Intern (Remote)

Jun 2017 – Jan 2018

Tixit

- Created Tixit-md, a Tixit plugin for a better writing experience
- Assisted other interns who were developing plugins for Tixit and requested for assistance when needed
- Conducted manual QA testing and provided details on bugs and user experience

Undergraduate Research Assistant

Sep 2015 – Jan 2018

Kawamoto Research Lab, UCSC

- Identified key points of scholarly journal articles through weekly meetings with Prof. Kawamoto
- Prepared spectrograms and tracked facial motions for further analysis by using Praat and Adobe After Effects, respectively
